SUBJECT:

Deobligation of Funds, Contract No. 83-A791500-000

1. We have hardly utilized the QSI contractor services funded for FY 85 and therefore wish to deobligate those funds, which should be approximately \$75,000. I wish to reobligate these funds to cover RFC GEI-653 to SID's Contract AC-82-2296. This RFC provides planning support to PAD and have attached a copy of my memo to C/SID which approves the RFC.

2. Please take the necessary steps to reallocate the funds as stated above. Contact [Redacted] or me if you need any additional information.

STAT

SUBJECT: RFC GEI-653 to Contract AC-82-2296

I have reviewed the subject RFC and find the scope and level of effort satisfactory. The dollar amount should be reduced to approximately \$60,000, however, due to the time difference in the RFC date and when we actually start work (mid-March). Therefore, our total obligation should be reworked to read: "not to exceed \$60,000," if that is the proper new total based on the start time difference.
